

Planning your day at IGC Campus

Parking

- Plan your parking! During the Legislative session (January through April) no weekday public parking is available in the state garages during daytime business hours. You may need to walk from another garage to get to the campus.

Security

- Arrive Early! The only public entrance into IGCS building that is open at this time is the east side Senate Avenue entrance. As a visitor, you'll have to go through security, which includes a metal detector. Plan accordingly and avoid bringing any weapons or questionable items. Security services will not store any personal belongings during your visit.
- The conference center staff number is (317) 233-4564 if you should need them or have additional questions about security.

Food

- No refreshments will be served during this class. Visitors may choose from one of our two cafeterias located on the lower level of the Indiana Government Center campus, one in each building (North and South). Both offer a wide variety of hot and cold meals, drinks, fresh breads and pastries, and fruit and salads. ([View menu here](#))
- Snacks, coffee, and other refreshments are available throughout the day at a snack shop on the first floor of IGCS or in the Au Bon Pain cafe located on the lower level (next to the cafeteria).

Other Provisions

- There are three banking institutions with ATMs available on the lower level (next to the cafeteria) - Indiana Members, Chase Bank, and Elements Financial
- The IGC campus has public Wi-Fi available to all guests free of charge
- Public restrooms are located throughout the campus.
